MINUTES OF MEETINGS

June, 1922

NEWARK, N. J.

June 6, 1922.

A regular meeting of the Board of Commissioners of The City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 a. m.

Present:— Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Absent: — Commissioner Raymond on account of illness.

The minutes of the meeting of May 31st were read and approved.

Mayor Breidenbach: I might say to the Commissioners before we call upon citizens who wish to be heard that on Thursday of this week we are supposed to have a hearing on the continuation of the junior college. Director Brennan and Director Gillen will be out of town and I believe Director Raymond is ill. I would there-

fore recommend to the Commission that we postpone this hearing until June 22nd at 10 a. m.

Commissioner Howe moved that the hearing on the continuation of the junior college be postponed until June 22nd at 10 a. m.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Mr. Philip Van Duyne and George E. Russel appeared before the Board and requested that the hearing on the application of the Israel K. U. V. Cemetery Association to use 180 feet on Grain Street for cemetery purposes be laid over for one week.

Mrs. Annie Neuhaus, 508 South 16th Street, owner of lots 20 and 22 Grain Street; Mrs. Rowe, representing the estate of her sister-in-law,

owner of lots 16 and 18 Grain Street; Mrs. Hinckley, 579 13th Avenue; Mrs. H. Hergert, 565 13th Avenue; Mrs. Margaret LaFerra, 573 13th Avenue, and Mrs. Charles H. Hummel, 344 South 20th Street, appeared before the Board and objected to the use of 180 feet on Grain Street for cemetery purposes on the ground that it would depreciate the value of the property in the immediate vicinity.

Commissioner Brennan moved that the hearing on the application of the Israel K. U. V. Cemetery Association be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Commissioner Howe informed the objectors that it would not be necessary for them to appear next week as the Commission has a record of their objections.

Mr. Samuel J. Kauffman, 20 Clinton Street: I represent the Workmen's Circle Cemetery Association which is an organization composed of approximately 8,000 or 10,000 workmen, and we have arranged to purchase property at 255 Evergreen Avenue for cemetery purposes. The property in the immediate vicinity is used at present for cemetery purposes; it is adapted entirely for that purpose and it cannot be used for anything else.

Mr. John Meyer, of 255 Evergreen Avenue, stated that the owners of property in the immediate vicinity are satisfied to have the property used for cemetery purposes.

Commissioner Gillen moved that the application be rejected at this time.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Commissioner Brennan:—I might say, Mr. Mayor, if you will pardon me for a moment, Captain Gasser, who has been the head of the Bureau of Combustibles for several years, has tendered his resignation so that he can assume charge of the Soldier's Home at Kearny. This morning he informed me that it was with regret that he severed his connection finally with this Department and he would retain his position as superintendent at the Home for Disabled Soldiers. He was a good man and a man of exceptional ability and I am sorry to see him go.

Commissioner Howe:—It is a great loss to the City of Newark to lose the services of Captain Gasser. I

think I voice the sentiments of all my colleagues when I say that Captain Gasser was an excellent official and that it will be a difficult problem to get a man to fill the position as efficiently as he has ever since he was placed in charge of the Bureau of Combustibles. I am satisfied that he will do as well at the Soldier's Home as he has here. I regret his leaving.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

WHEREAS, In accordance with the law and by authority of this Board, the Director of Public Safety has publicly solicited, received and opened proposals for furnishing the Fire Division of the Department of Public Safety with one or more triple combination pumping, hose and chemical cars; and

RESOLVED, That the proposal of the Ahrens-Fox Fire Engine Company be and the same is hereby accepted, the Law Department directed to prepare the proper contract covering the purchase of six (6) such triple combination pumping, hose and chemical cars and the Director of Public Safety and the City Clerk authorized and empowered to execute the contract for the City of Newark.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Commissioner Gillen:—Some time ago I introduced an ordinance providing for a municipal light and power plant. As you know, it went before the people and was adopted on referendum by the voters at the General Election. The ordinance was held up while the Chamber of Commerce, probably acting for the Public Service Corporation, tried to upset this action in the courts. The ordinance has been declared invalid by the Supreme Court of the State of New Jersey. It has been contended that there were some false or weak spots in the ordinance. Under those circumstances it seems to me that the Commission now should decide whether to go in the higher courts—the Supreme Court of the United States if necessary—or whether we should have a new or-

dinance drawn and introduced for submission to this Commission and the voters at the next General Election.

Corporation Counsel Congleton:—

I might say for the information of the Commissioners that I have been directed by Commissioner Raymond to appeal the opinion of the Supreme Court to the Court of Errors and Appeals. This I have done and I am now prosecuting the appeal in the Court of Errors and Appeals.

Commissioner Brennan offered the following resolution:

RESOLVED, That the sum of Twenty-seven thousand and forty-one dollars and twenty-nine cents (\$27,041.29) be and the same hereby is appropriated to the persons named, as per certified list attached, being the gross amount of bills contracted and chargeable to the Department of Streets and Public Improvements, as follows:

Thomas L. Raymond,

Charles P. Gillen,
John Howe.
F. C. Breidenbach,

Commissioner Raymond:—That resolution is to meet the objections which were raised last week and which came from the majority of property owners. To do it legally we must pass this resolution. I feel with our very liberal plan of assessing only ten per cent of the cost on each side of the street that property owners have no real grievance. The rest is taken care of by a bond issue and the cost paid by the City at large. The assessment is so fair and generous, that I feel there should be no objection to the paving of our main thoroughfares.

Commissioner Howe:—I would add that every man who appeared with one exception, agreed to it, and after it was agreed to they came back and objected to paying anything.

William J. Egan, Esq.,
City Clerk, City Hall,
Newark, N. J.

Dear Mr. Egan:

On June 3rd I received your letter with reference to the widening of Mulberry Street. At the meeting of the Board of Commissioners on May 31st I represented Moses Mendl who is purchasing what was formerly the

Coe property on Mulberry and Clinton Streets. On his behalf, I did not object to the opening and widening but did object to any assessment being levied against his property on the ground of no direct benefit.

I also appeared for the Estate of John H. Eastwood for which estate I took the same position. The property is situated 730 Broad Street.

On behalf of the Estate of Mary E. Casebolt, however, I objected to the opening and widening, and joined with Mr. Frazer in the Swan report. Perhaps this is all more or less formal but I am writing in order that no confusion may arise in the event that Mr. Casebolt should feel that I had not made sufficiently clear his objections as executor of the Estate of his wife.

With kindest regards,

Very truly yours,

Ralph E. Lum.

Mayor F. C. Breidenbach,

City Hall, Newark, N. J.

My dear Mayor Breidenbach:

The National Prison Congress of the United States will be held in Detroit, Michigan, from October 12th to 17th, inclusive.

For many years it has been customary for the Mayor of the various cities to appoint local representatives to this convention. It is understood, of course, that the delegates pay their own expenses.

In many cities it has been customary for the Mayor to appoint one or two Salvation Army delegates, and if this power is to be invested in you this year, I venture to ask if you will appoint Brigadier John Richards, the manager of our Industrial Home of New Jersey Railroad Avenue, to attend this convention, and possibly myself, although I am not so certain that I can go.

Any courtesy or consideration shown us relative to the above will be most gratefully appreciated.

Sincerely yours,

Fred W. Seiler,

Major Divisional Officer.

My dear Mr. City Clerk:

Let me express to you my sincere appreciation of your letter of June 6th in which you quote Commissioner Brennan and Commissioner Howe with reference to my leaving the employ of the City of Newark.

Flowers like these do not grow on every vine by the wayside and I assure you that your good wishes are warmly appreciated. To live up to the ideas and ideals of my friends is some job.

I left the City with much regret and will always cherish the kind wishes of my friends.

Sincerely yours,

Commissioner Howe: I think it would be a good thing and a proper thing if the Mayor and Commissioners go on record in a communication congratulating W. C. Durant who has just purchased the new Willys Corporation plant on Frelinghuysen Avenue. I understand according to the paper they are to employ 5,000 men. The chances are the majority of these employes will live in Newark, and I move that either the Mayor or the City Clerk be authorized to send a communication extending the good wishes of the Mayor and City Commission.

NEWARK, N. J.

June 20, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City, Hall, Newark, at 11 A. M.

Present: Commissioners Howe, Raymond, Mayor Breidenbach.

Absent: Commissioners Brennan and Gillen.

The minutes of meeting of June 13th were read and approved.

The following reports of the Commissioners of Assessments for Local Improvements assessing benefits on the following street improvements were received and ordered filed:

Construction of a sewer in Beaumont Place between Grafton Avenue and Montclair Avenue;

Construction of a sewer in Victoria Street between Frelinghuysen Avenue and Empire Street;

Construction of a sewer in Grafton Avenue from Manchester Place to Third Street and in Third Street from Grafton Avenue to Montclair Avenue.

Mr. Charles R. De Bevoise, representing Chas. R. De Bevoise Co., 265-267 Plane Street, appeared and objected to the division of the expense for the repaving of Plane Street, stating he did not feel that it was equitable to property owners, and instead of being a benefit the repaving has resulted in the diversion of jit-

neys and heavy traffic over the street, causing annoyance and danger to their employees. Mr. De Bevoise stated he felt the division of the expense should be on the basis of 80 per cent on the City and 20 per cent on the property owners.

Mrs. Catherine G. Duffy, 163 Plane Street, representing the estate of Francis Duffy, stated the repaving was of no benefit to her, that the diversion of jitneys and heavy traffic has resulted in injury to her property by reason of vibration, causing ceilings to fall and great danger to children living on the street.

Mr. Philip Alliger, 146 Plane Street, also objected to the assessment for the repaving of Plane Street.

The following communication was received and read:

W. J. Egan, City Clerk,

City Hall, Newark, N. J.

Dear Mr. Egan:

I received a printed notice to appear before the Board of Commissioners on the 20th day of June in regard to repaving Plane Street.

I attended a previous hearing and only wish to repeat that one of the curb stones at 286 Plane Street is clipped, the metal parts which pro-

tect the sidewalk at 280-284 Plane Street have been loosened beyond repair during the course of repaving Plane Street.

I am going out of town tomorrow and will be unable to attend the meeting.

Kindly bring this matter to the attention of the Commissioners.

Yours very truly,

(Signed) Theodore Groedel.

Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$5,600.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$5,600.00, under and by virtue of the provisions of an act entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. Yeas:—Commissioners Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: I might say that Director Brennan is out of town and Director Howe will be out of town on Thursday and I will be out of town on Thursday, and I think we should postpone the hearing on the Junior College until all of the members of the Board are present.

Commissioner Raymond: On July 1st we are to have a new Board of Education, and I think it is a little premature for us to have a public hearing on the Junior College and I think it should be postponed until the new board has had a chance to familiarize itself with the proposition, and between themselves reach some conclusion as to what this Junior College should be. I feel this is a matter that should first be brought before the Board of Education and have them decide the matter, since the continuance of the Junior College would have to be approved by that Board and the Board of School Estimate.

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

NEWARK, N. J.

June 27, 1922.

A regular meeting of the Board of Commisisoners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present:—Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: Are there any citizens desiring to be heard on any matter?

Mr. Louis V. Aronson: I wish to thank the Board for commending us on our gigantic undertaking to give the City of Newark an Industrial Exposition Building, and I want to give you an idea what we intend to do and the site we would like to get. We have three or four sites in mind at the present time. The most desirable site is the one purchased by the City for the purpose of erecting a Memorial Building, and if we can procure this, it will in a way carry out the original intention of the City of Newark to establish a permanent exposition building.

We have behind us some very prominent men and we stand ready to give you the price the City paid for this site, deducting the amount the Elks paid for their site. Upon inquiry this morning, I learn through the Corporation Counsel that it is necessary for the City to advertise

and sell this property at public sale, and I would request that you do so at once.

The manufacturers of the City are suffering for the want of a permanent industrial building where the manufacturer and salesmen can meet under one roof. We have public spirited citizens who are willing to put up this building for you. It will give the City a chance to sell the property for what they paid for it. It will give increased ratables and additional revenue in taxes and bring many people to the City. At the present time we are paying \$10,000 a year in New York City for a showroom. The only way to get buyers from all over the United States to come to Newark is to have the various manufacturers represented under one roof, and I trust you will take this matter in hand and advertise the property at the earliest possible moment. We are going ahead with the project and we would like to know in the course of four weeks if the property can be obtained.

Commissioner Gillen: I might say Mr. Aronson has been in to see me about the matter last Tuesday, but not about this particular site. All that Mr. Aronson has said about the merits of the permanent Industrial Exposition in the City of Newark is absolutely true. There is possibly nothing that could be built here today or established that would be of greater benefit to the City than a permanent exposition building. For more than a dozen years we have discussed that project in the Board of Trade, and I think Mr. Aronson you were on it, and for some reason or another it was never started. Newark,

of course, is essentially a manufacturing city. The life of the City depends upon the manufacturing interests. Newark has to depend upon its manufacturers, and not on sightseers or tourists as in New York City, and as the former Commissioner has so well stated most manufacturers are compelled to engage, at high rentals, warerooms and showrooms in New York and buyers do not come to Newark at all because Newark does not have any such showrooms or warerooms, and they do not know much about the City and they do not see the manufactured products of the City. Now, if this permanent exposition building is established, it will have this effect: It will bring to the City of Newark this vast multitude of buyers from all over the country who buy these products and they will come to this City to see these products in this magnificent building that is proposed and there not only see the things they want themselves, but go away with the wonderful impression of the remarkable progress and industry of this community.

Now, of course, the proposition as Mr. Aronson offers it will be under private ownership. However, I think what actuates the organizers of this movement more than any profit is the pride of their City and their desire to have brought to the attention of the World that this City produces such a great variety of manufactured products. Originally this land was bought for a memorial building to commemorate the 250th Anniversary of the City of Newark. That was abandoned because it was found there was not profit to be gained. Commissioner Raymond was then Mayor and he vetoed the bond issue for this Memorial Building. I also opposed it

at that time. Now, Mr. Aronson comes along and wants to take this property off our hands and erect a fine ornate building, which will mean increased revenue to the City in taxes. The City's interest will be benefited to an enormous extent and the City will get a great deal of advertising. I think we can depend on the word of Mr. Aronson, who is a very successful business man in this community, and after discussing it with the Corporation Counsel I became firmly convinced that this would be a prominent site for an exposition building and I have prepared a resolution to offer it at public sale. That is the only way we can dispose of it. I would like to dispose of it by private sale for such a meritorious purpose, but the law specifies the manner in which we must sell, and we can sell it in no other manner. It must be sold to the highest bidder. The resolution has been prepared and I think my colleagues on the Commission will agree with your sentiments and go ahead with it, and I wish you all success in the undertaking.

Commissioner Raymond: I wish to say that I approve all that Commissioner Gillen has said. I think it will be a splendid thing for Newark and carry out in a way the general idea of having a public building there for public purposes, and I will second the resolution.

I accordingly struck off said property to said respective purchasers, in accordance with said bids, such sums being the highest and best prices which I could obtain for said property.

Yours very truly,
CHARLES P. GILLEN,
Director of Parks and Public Property

Ordered filed.

Mr. Ralph Lum, appeared and stated he felt the ordinance for the opening and widening of Mulberry Street should not be acted upon at this time until the City Planning Experts have had an opportunity to study the advisability of the proposed widening.

Commissioner Raymond: We had quite a public hearing on this ordinance and the ideas as there expressed were very valuable and I am taking them under consideration. The move will have to come from my department. It is an expensive proposition and I should like more time before voting on the ordinance.

Commissioner Raymond moved that an ordinance entitled "An Ordinance to provide for the opening and widening of Mulberry Street on the easterly side thereof from Market Street to Commerce Street," be laid over until September 5th.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the clerk:

The Board of Commissioners of the City of Newark, do ordain:

That Seymour Avenue from Hawthorne Avenue to Bock Avenue, in the City of Newark, New Jersey, shall be resurfaced with asphalt resurfacing (1½" top-1½" binder) on the old telford foundation properly scarified and repaired. In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within 30 days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$10,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or

All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.
